

## INSEARCH UTS – LATINO AMERICAN SCHOLARSHIP

INSEARCH UTS would like to invite Grupo Gales to participate in the **one full tuition scholarship for the INSEARCH UTS Diploma of Business and Commerce or Diploma of Information Technology (fast track) for the June 2008 intake.**

**There will be 5 agencies from Latino America participating.**

**Value:** The sponsorship consists of 1 semester valued at **\$7,000** for DBC (Diploma of Business and Commerce) or **\$7,200** for DIT (Diploma of Information Technology) Fast track. The student will have to pay for the first and second semester and if he is performing academically to the standards (according to the WAM set by INSEARCH and above the other candidates) the student **will not** have to pay for his last 3<sup>rd</sup> semester. For confirmation on WAM per course, please refer to the INSEARCH brochure 2008 and website.

**The sponsorship only applies for 3 semester programs starting in the June 2008 intake.**

**Procedure:** The agency will receive all applications and will send them along with the supporting documents to registrar@insearch.edu.au and CC Maria Ospina along with a cover letter explaining this is a candidate for scholarship. Grupo can set its own deadline for applications BUT they have to send the chosen candidate's application documents' until **March 1<sup>st</sup>, 2008.**

Please make sure all documents are sent complete and certified. Incomplete documentation will not be considered.

In order of importance, the criteria use by the agents to filter applications must be:

1. Commitment to continue into a Bachelor at UTS
2. Academic performance in High School (better than average)
3. IELTS score (if they don't have it, they can always do some English weeks but they will have to pay for it)

**Scholarship notification:** Once the documents and application are received, INSEARCH will study each candidate per agency and make a final decision as to which student gets the scholarship.

INSEARCH will inform the agency whose candidate has been chosen. The student chosen will then have to accept the application by paying the first semester fee.

From this moment on, INSEARCH will monitor the academic performance of the candidate and if it's above average WAM, the scholarship will be granted. In case the student decides to drop out or doesn't have a WAM above the average, the scholarship will not be granted.

Also:

- Candidates must be able to finance the administration fee \$200, first two semesters, health insurance and living expenses.
- Candidates should have met the minimum entry requirements for admission to the DBC or DIT (12 months) respectively.

Applications forms can be downloaded from: [www.insearch.edu.au](http://www.insearch.edu.au)

**NOTE: Commission will still be paid for the student.**

We look forward to receiving your scholarship nominations.

Yours sincerely,

Maria Ximena Ospina  
Channel Manager
